CHRISTOPHER AMBROSE

v.

KAREN AMBROSE

SUPERIOR COURT

BRIDGEPORT J.D.

AT RFTD

FEBRUARY 15, 2022

**MOTION TO DISQUALIFY ADELMAN J**

*Misconduct*

The undersigned moves for the immediate disqualification of Adelman, J for misconduct in failure to ensure proper disclosures of financial information, a duty of Attorney Nancy Aldrich, as described in *Reville v Reville*, 312 Conn 428, falsifying sworn information is a fatal flaw, violation of due process, and attorney misconduct in view of the court. Adelman's game to proceed in trial for pointless, meritless litigation to argue over blatant lies in defendant's FA demonstrates judicial bias & prejudice, lack of impartiality, instantly disqualifying the errant judge under Canon Rule 2.11. Adleman's callous order [451.10] protecting an errant attorney's fraud on the court disqualifies him from further involvement in this case.

WHEREFORE, Adelman's lack of impartiality, unfaithfulness to the law, and blatant abandonment of office requires his disqualification by Canon.
