If a woman votes republican, do they hate themselves or just have really, really LOW self-esteem? If Mr. Mourdock has a bowling bowl unceremoniously stuck up his rear and cannot remove it for the next nine months (and only then after inducing muscular contractions in his sphincter), do you think he might gain some better understanding of women's issues?

To all of our elected COWARDLY WHORES who give their prayers to the victims of violence (as opposed to actually doing something meaningful) they should heed the words of a world-renowned religious figure.

The NRA is at it again: 1) SILENCE, while their whores offer crocodile tears; 2) ALLEGE that they support some mild restrictions and oversight; 3) the director UNDERCUTS the foundation of what they allegedly support; 4) reach out to their whores and WARN them to tow the line.

The end result is that nothings and senseless tragedies continue to occur. Sane Citizens need to: 1) VOTE THE WHORES OUT OF OFFICE; 2) DO ANYTHING AND EVERYTHING TO CALL OUT THE INSINCERITY OF THE NRA- THEY DON'T GIVE A DAMN ABOUT ANY GUN TRAGEDY!

As a PROUD GUN OWNER, I am simply disgusted by people like the Florida governor who is too much of a COWARD to directly address the issue of gun control and the access to certain firearms. We as a society are not responsible enough for the bullshit concept of an unfettered right to bear arms. The innocent blood of those killed today rest with the NRA and the whores whom they own (that includes Cadet Bone Spurs).

1967 - Jayne Mansfield is killed when her car runs under the rear end of a tractor trailer. Since then, all trailers have a DOT bar at the rear to keep cars from going under them.

1982 - Seven people die when Tylenol packaging was tampered with. Since then, it takes a PhD, channel locks, and a sharp object to get into a bottle of pills.

1995 - A bombing using a certain kind of fertilizer, solution grade ammonium nitrate, killed 168 people, so the government imposed severe restrictions on the purchase of that fertilizer.

2001 - One person attempts to blow up a plane with a shoe bomb. Since then, all air travelers have to take off their shoes for scanning before being allowed to board.

Since 1968 - 1,516,863 people have died from guns on American soil. Gun violence kills an average of 168 people every two days! Now, the problem
